Budget with Equal Payment

Take Charge of Your Finances.

Take charge of your finances with Equal Payment. With this payment option, we'll take your average power usage from the last 12 months and divide it into equal monthly payments. So you'll know in advance what your bill will be each month.

How to Join

Go to NVEnergy.com. Complete and print out a form and return it with your next payment. It's that simple. Remember, the plan is voluntary.

Overview

- This payment option is available exclusively to residential customers.
- Your Equal Payment amount may be adjusted if your energy usage is projected to result in an overpayment or under-collection of \$100 or more or if rates increase or decrease more than 5 percent.
- You may be removed from Equal Payment if you fail to make two consecutive timely payments.
- Your bill will show:
 - Exact meter readings for the month.
 - Exact charges for the amount of utility services you used.

- Exact costs that would normally be due.
- The Equal Payment amount due.

You will be able to compare the cost of your actual usage to the monthly Equal Payment amount. If you find the plan is not for you, you can stop at any time by writing or calling your local NV Energy office.

Free Hot Water Heater Blanket for NV Energy Gas Customers

NV Energy now offers Reno area gas customers a free water heater blanket including installation. This offer is available for all NV Energy gas customers who own or rent their house, condo or mobile home. For more information on this free water heater blanket program, or to reserve yours today, please call toll free (866) 920-7822.

Energy Tip

Installing a water heater blanket can reduce heat loss from your hot water heater by 25 – 40 percent, which represents a savings of up to 9 percent on your annual water heating costs. Installing a hot water heater blanket will save you energy and money.
