NV Energy is committed to Nevada

United Way is working hard to create sustainable change and to significantly impact the lives of children, families and individuals. Working with United Way is a natural fit for NV Energy, which is committed to making a positive contribution in the communities it serves.

During the 2008/2009 United Way campaign, NV Energy became the largest United Way corporate and employee supporter in both northern and southern Nevada. A total of \$1,205,439 statewide was pledged to United Way campaigns.

LIVE UNITED™ 

Helping Our Neighbors

In southern Nevada, Project REACH (Relief through Energy Assistance to Prevent Customer Hardships) is an NV Energy funded program designed to help vulnerable adults over the age of 62, medically fragile as well as Reserve and National Guard members in need of emergency energy assistance.

Project REACH is administered through United Way of Southern Nevada until funds are exhausted. Please visit NVEnergy.com for a list of United Way partner agencies or call our Energy Assistance Line at (702) 402-5200 for more information.

Assist the Needy

Last year, NV Energy customers and employees in northern Nevada gave just a few dollars each to help hundreds of needy people by donating to SAFE (Special Assistance Fund for Energy). SAFE distributes your gift

through social service agencies to help needy families and individuals pay their energy bills. Donations are matched by NV Energy up to \$100,000.

You can help by pledging a dollar amount to be

automatically added to your monthly NV Energy payment, or by adding your gift to one month's payment only. For more information call (775) 834-4003.

SAFE is a low-income, energy assistance program administered on a volunteer basis by community service agencies throughout northern Nevada and California service areas. Administering agencies, based on a number of criteria, screen applicants for SAFE assistance. Visit NVEnergy.com to view a list of Nevada and California agencies.

Special Assistance Fund for Energy

Cash Incentives available for Renewable Energy Installations

NV Energy is now accepting applications for the new WindGenerations and HydroGenerations incentive programs. Customers can receive a one-time cash rebate after installing a small wind or micro-hydro generating system on their home, small business, agriculture property, public building or school.

Apply online at NVEnergy.com/renewablegenerations. Applications are being accepted on a first come, first served basis.

For more information, contact 866-786-3823 or email RenewableGenerations@NVEnergy.com

A Free Energy Evaluation

Comfort Savings is a free residential energy efficiency program for income qualified NV Energy

customers who own or rent their house, condo or mobile home. Comfort Savings provides an in-home energy evaluation to identify your current energy usage, recommend improvements and install them at no charge. Services can include such things as CFLs, high efficiency showerheads and faucet aerators, pipe insulation, door and window caulking, attic insulation and much more.

For more details, call (702) 895-6220 or (866) 920-7822.

Conservation Corner

We will be closed on Monday, May 25, in observance of Memorial Day.
