Pay online at NVEnergy.com.

NV Energy customers may make bill payments at any authorized Shop & Pay location at no charge. Shop & Pay service is available at participating supermarkets, drug stores and other retail establishments throughout Las Vegas and Henderson. **Payments made at Shop & Pay locations must be received on or before the due date to avoid late charges.** Please call our Customer Care Center at 402-5555 for the Shop & Pay location nearest you. Payment can also be made by calling Bill Matrix at (800) 253-8084, or mailed to P.O. 30086, Reno, NV 89520-3086 or visit our website at NVEnergy.com

Rules and Regulations

Rules, Regulations and Rate Schedules are available for public inspection in each company office.

Regular bills for service are rendered on a monthly basis and are **DUE AND PAYABLE UPON RECEIPT**. NV Energy customers may make bill payments online or at any authorized Shop & Pay location at no charge. Current charges become **PAST DUE** 15 days after the regular bill is mailed. A termination-of-service notice may be issued if payment has not been received within four working days after the Past Due Date. If payment is late, a 1.5 percent late charge shall be assessed. We may require a customer to pay a security deposit. Any security deposit, plus interest, will be refunded after 12 months of service with satisfactory credit, less the amount of unpaid balances. If you wish to dispute any bill, charge or service, NV Energy will promptly investigate the matter. However, to avoid termination of service, all charges must be paid during the investigation period. If you are not satisfied with our final decision, you may contact the Public Utilities Commission at (702) 486-2600 or toll free at (800) 992-0900 or you may visit their offices at 101 Convention Center Drive, Suite 250, Las Vegas, NV 89109.

If there is a permanent resident living in your home that is seriously ill, disabled, or 62 years of age or older, please contact our Customer Service Department at (702) 402-5555 to update your account information.

Residential customers may elect to designate a third party (agency or individual) to receive a copy, by first class mail, of all termination-of-service notices.

If You Have Trouble Paying This Bill

If you have trouble paying this bill, please contact us at the telephone number shown on the front of your bill. We may be able to make payment arrangements with you depending upon a number of factors including your past payment record with us. All future bills are due upon receipt and are not considered a part of the payment agreement. Unless the Utility otherwise agrees, you may not initiate this program for a payment agreement more than once during any 11-month period.

When You Pay by Check

When you send in a check to make your payment, you authorize the utility to initiate an electronic debit from your bank account. Your check will not be returned and funds may be withdrawn the same day the utility receives payment. If you would like your bank to receive a copy of the check in place of a cancelled check, please call (866) 902-2987.

Nevada Energy Connection - To find out if you qualify for help paying your energy bill or making your home more energy efficient contact the Nevada State Welfare Division, 3330 E. Flamingo #55, Las Vegas, Nevada 89121. Phone: (702) 486-1404 or (866) 846-2009, or you may download an application from www.nevadaenergyconnection.nv.gov/.

Customer Care Center

Customer service by telephone is available 24 hours a day, 7 days a week, excluding holidays at 402-5555

Para Servicio en Español, 402-5554

Mail remittance to: NV Energy, P.O. Box 30086, Reno, NV 89520-3086

Right of Access and Bill Estimation

At all reasonable times we have the right of access to a customer's premises for any purpose normally connected with the furnishing of utility services. We will read your meter on the scheduled date printed on the face of the bill. Customers can help ensure an accurate read by making sure the meter is accessible. Arrangements or instructions regarding locked gates can be made with our meter reading staff. Please call us at 402-6165 to let us know about unusual or hazardous conditions, or to make access arrangements. If we are unable to read a customer's meter on the scheduled date because of circumstances beyond our control, the company shall bill the customer based upon estimated usage for that billing period. Our authorized representatives carry a company photo identification card. Please don't hesitate to ask for ID before admitting an employee on your premises. If there is any doubt, please contact NV Energy at 402-5555.

Charges and Taxes

Basic Service Charge: A flat fee that partially reimburses the Utility for its fixed administrative costs such as meter reading, billing, data processing and postage.

Deferred Energy Adjustment: A rate adjustment mechanism that reimburses the Utility for the electricity purchased on behalf of their customers.

Demand Charge: A charge for the amount of demand or service requested. This charge is based on the amount of electricity drawn at peak use during the billing period.

Electric Consumption: The charge for electricity consumed during the billing period.

Local Government Fee: Fee imposed by a local government, consisting of any business license fee, gross receipts or similar tax, collected by the Utility for doing business in its jurisdiction. The fee is based upon the total amount of monthly billing excluding the UEC charge.

Renewable Energy Program (REPR): A charge combining costs for wind, hydro and solar rebate programs for consumers. The solar program was formerly recovered through the company's DEAA rate. The other programs are new and authorized by the Nevada Legislature.

Temp. Green Power Financing (TRED): A temporary charge to foster the development of new alternative energy projects in Nevada.

Universal Energy Charge: A mandated fee that provides money to fund the State of Nevada energy assistance and conservation programs.

Request for Discontinuance or Continuance of Service

A five-day notice is necessary to discontinue a customer's service. Customers will be charged for each connection or reconnection on the first bill following that service.
