CityCenter's LEED Certification

CityCenter is the world's largest environmentally sustainable, mixed-use new construction development in Las Vegas to have received the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) certification with six Gold awards for its sustainable buildings. LEED is a third-party certification program and the nationally accepted benchmark for the design, construction and operation of high performance green buildings.

NV Energy is proud to have supported CityCenter's energy efficiency and environmental initiatives through its SureBet incentives. Whether you're a residential or commercial customer you can also learn more about our programs to help you save at NVEnergy.com.

Comfort Savings Program

NV Energy offers home weatherization services to our customers with qualifying incomes. These services help owners and renters who struggle with monthly expenses gain greater financial freedom by helping them significantly reduce utility costs. Our trained professionals help customers understand their energy use and choose the most cost-effective measures that result in the greatest energy savings.

Consumer Session Notice

(For Southern Nevada Customers)

Customers of Nevada Power Company d/b/a NV Energy are invited to a special Consumer Session conducted by the Public Utilities Commission of Nevada (PUCN). The consumer session gives customers an opportunity to make comments to the Commission about the company's pending integrated resource plan, including the proposed Advanced Service Delivery (ASD) and One Nevada Line (ON Line) projects.

The sessions will be held:

Monday, May 10
1 p.m. and 6 p.m.
Cashman Convention Center
850 Las Vegas Blvd. North
Las Vegas, NV 89101

Ample parking is available.

Call Before You Dig

Call 811 before you dig. It's the law. The depth of utility lines varies and there may be multiple utility lines in a common area. Call two days in advance of digging and a representative will send out someone to mark underground facilities.

Buy an ENERGY STAR Appliance and Get Cash

Nevada residents may get a rebate from the Nevada State Office of Energy to replace their old appliances beginning April 17. You may receive a rebate of \$100 for a dishwasher, \$150 for a freezer, \$150 for a washing machine and \$200 for a refrigerator. Residents receive one rebate per household per appliance.

Anytime after April 17, visit www.nevadaappliancerebate.com or call 1-877-273-6213 to reserve your rebate. Visit www.energy.nv.gov for full instructions and a list of participating retailers.

Working Near Overhead Power Lines

Arrangements will be made to assist you in doing work near overhead power lines safely and in compliance with Nevada law. In Nevada, Call Before You Crane at (702) 227-2929 at least five days before beginning work.
