

## PROPOSED RATE CHANGE

On March 1, 2013 Sierra Pacific Power Company d/b/a NV Energy made its annual electric Deferred Energy Accounting Adjustment with the Public Utilities Commission of Nevada. The filing seeks approval of fuel and purchased power expenses for the 12-month period ending December 31, 2012. The filing requests permission to reset the Renewable Energy Program rate, and the TRED rate. Finally, the filing requests permission to reset all the components of the Energy Efficiency rates.

The effect of granting this application will be to reduce overall revenue by \$4,488,799 or 0.65 percent over all rate classes. The chart on the reverse side contains a list of customer classes and the associated proposed percentage and dollar amount changes. These rate changes are approximate and represent averages for each customer class. Actual changes to individual customers' bills will vary. The rate changes depicted represent the company's calculation of the DEAA and net of the Energy Efficiency request that will be determined prior to the consumer session or the hearing for this filing.

Ultimately the PUCN may set rates that are higher or lower than those requested by the company.

The company's applications are available for review at [nvenergy.com/rates/filings](http://nvenergy.com/rates/filings), or any NV Energy office, or the Offices of the PUCN at:
