

DEFERRED ENERGY CONSUMER SESSION AND HEARING NOTICE

The Public Utilities Commission of Nevada (PUCN) has scheduled a Consumer Session and Evidentiary Hearings for Sierra Pacific Power Company d/b/a NV Energy to review the prudence of the natural gas expenses for the 12-month period ending December 31, 2013, and to reset the Renewable Energy Program Rate (REPR). This filing was designated as Commission Docket 14-02042. If approved by the PUCN, customers would see a 0.17 percent decrease in rates or an annual revenue decrease of \$220,003 over all customer classes.

The hearings and Consumer Session are set as follows:

PROPOSED RATE CHANGE

On February 28, 2014 NV Energy made its annual mandatory Deferred Energy Accounting Adjustment (DEAA) filing with

the PUCN. The filing requests approval of the natural gas expenses for the twelve month period ended December 31, 2013, and to reset the REPR rate to be changed from \$0.00226 to \$0.00086 per therm.

The overall effect of granting the relief requested is to decrease customer rates by \$220,003 or 0.17 percent over all classes of customers.

The company's application is available for review at nvenergy.com/rates, or any NV Energy office, or the Offices of the PUCN at:

1150 East William St., or 9075 W. Diablo Dr.
Carson City, NV 89701 Las Vegas, NV 89148

Interested persons who are unable to attend these sessions may send comments in writing to the PUCN offices at the address above. As a result of these hearings, the PUCN may grant NV Energy's requested rate changes, or it may set rates that are higher or lower.

The chart below contains a list of customer classes and their associated proposed percentage and dollar amount changes. These rate changes are approximate and represent averages for each customer class. Actual changes to individual customers' bills will vary. Ultimately the PUCN may set rates that are higher or lower than those requested by the company.
