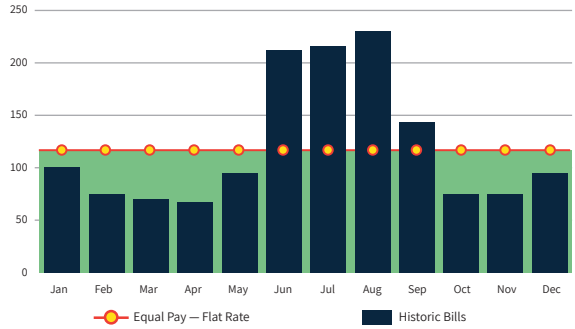
Southern Nevada
(702) 402-5555

Equal Pay gives you added convenience and predictability for better control over your energy costs.

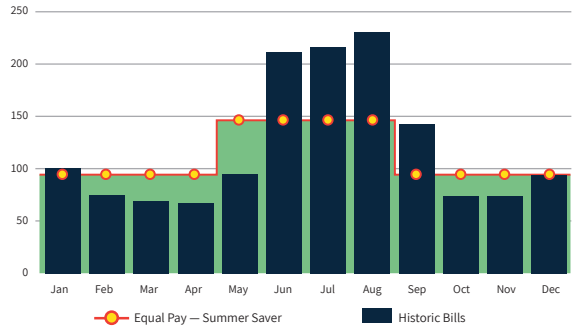
Flat Rate & Business



Available to residential and small commercial electric and gas customers in all NV Energy service territories.

We'll take your average power usage and divide it into equal monthly payments, so you pay the same amount every single month.

Summer Saver



Available to southern Nevada residential electric customers. This service is not currently available in northern Nevada.

Your usage is averaged into two payment amounts – one for the summer and one for the rest of the year. This helps keep your summer bills affordable and remaining bills even more manageable.
