into your energy

Project Spotlights

Wynn Resorts

On January 23, NV Energy presented an incentive of \$156,312 to Wynn Resorts for 37 NV Energy's Sure Bet Program energy efficiency projects completed in 2014, which were primarily LED lighting retrofits.

(L-R) Wynn Vice President of Facilities Marty Brown, Wynn Chief Engineer Jim Lyon, Wynn Utility Manager Rob Harrison, NV Energy Sure Bet Program Senior Engineer Bobby Pahor, NV Energy Senior Vice President of Customer Operations Pat Egan, NV Energy Major Account Executive Marta Newman, and NV Energy Sure Bet Program Manager Adam Grant

Navy Region Southwest

NV Energy's Sure Bet Program presented an incentive of \$59,304 to Navy Region Southwest for installing more than 4,500 occupancy sensors on lighting systems throughout the Naval Air Station in Fallon, NV (ASF).

NV Energy Sure Bet Program Kickoff Edition

The NV Energy Sure Bet team conducted annual kickoff meetings in Reno and Las Vegas on January 27 and 29, respectively. Nearly 250 customers and contractors attended the sessions to learn of changes to the program in 2015.

2015 applications and measure summaries are now available on the NV Energy Sure Bet Program [website](#).

NV Energy Sure Bet presentations will be repeated via webinar in April. More information will soon be on the NV Energy Sure Bet Program [website](#).

NV Energy Sure Bet Team: (L-R) John Greco, Bobby Pahor, Jenna Neal, Mark Darden, Maria Esguerra, Glenda McCartney, Wendy Ayers, Jason Holley, Ruben Carrillo, and Ping Kumpanon

(L-R) NASF Resource Efficiency Manager Natalie Williams, NASF Energy Manager Justin Sielsch, NASF Executive Officer Cmdr. Gene Woodruff, NV Energy Vice President for External Affairs Mary Simmons, NV Energy Account Manager Johnny Hargrove, NASF Public Works Officer Cmdr. Frank Carroll, NV Energy District Service Manager Laney Elmore, and NV Energy Sure Bet Senior Engineer Dave Wyllie

NV Energy Sure Bet Program Operations Manager Mark Darden addresses attendees in Las Vegas.

Education & Training

Association of Energy Engineers Lunch and Learn Series

The Association of Energy Engineers, Nevada Chapter (AEE-NV), will present a lunch and learn on "Energy Efficiency for Small and Medium Sized Businesses" on Wednesday, February 25 in Las Vegas and on Thursday, February 26 in Reno.

The events are co-sponsored by NV Energy and Southwest Gas. An NV Energy Sure Bet Program senior engineer will present on behalf of NV Energy. Attendance is free to all NV Energy customers.

Tech Note

The average commercial building wastes 30 percent of the energy it consumes. That means that if you haven't done anything to save energy, chances are, you'll find many opportunities to improve.

Use [these resources](#) to find ways to save, and then apply for NV Energy Sure Bet Program cash incentives to help complete your project and save money on energy bills.
