

RULE NO. 18

SUPPLY TO SEPARATE PREMISES AND RESALE

A. Separate Metering

Separate premises, though owned by the same Customer, will not be supplied through the same meter, except as specifically provided for in certain rate schedules.

B. Other Uses or Premises

Service shall not be used by the Customer for purposes other than those specified in the appropriate application for service or the applicable rate schedule.

C. Resale of Service

A Customer shall not resell service received from the Utility unless the Customer is the owner, lessee, or operator of an apartment house, hotel, office building, trailer court, or other multiple-family dwelling. Such Customer may resell service to the tenants of such dwellings provided that such service is resold at the same rates that the Utility would charge if supplied directly.

D. Billing information

All billings rendered by the resale customer shall contain the following:

1. Previous meter reading and date.
2. Present meter reading and date.
3. Amount of consumption in KWH or therms.
4. Amount payable by consumer for service.

E. Discontinuance of Service

Should a Customer resell service otherwise than as provided in the foregoing paragraphs, the Utility may either discontinue service to him or supply service to the Subcustomer as it may elect.
