

DEFERRED ENERGY CONSUMER SESSION AND HEARING NOTICE

The Public Utilities Commission of Nevada (PUCN) has scheduled a Consumer Session and Evidentiary Hearings for Sierra Pacific Power Company d/b/a NV Energy to review the prudence of the natural gas expenses for the 12-month period ending December 31, 2017, and to reset all elements of the Renewable Energy Program Rate (REPR). This filing was designated as Commission Docket 18-03004. If approved by the PUCN, customers would see a 0.29 percent decrease in rates or an annual revenue decrease of \$309,501 over all customer classes.

The Consumer Session and Evidentiary Hearings are set as follows:

PROPOSED RATE CHANGE

On March 1, 2018, NV Energy made its annual mandatory Deferred Energy Accounting Adjustment (DEAA) filing with the PUCN. The filing requests approval of the natural gas expenses for the 12-month period ended December 31, 2017, and to reset all elements of the REPR to be changed from \$0.00141 to \$(0.00040) per therm.

The chart below contains a list of customer classes and their associated proposed percentage and dollar amount changes. These rate changes are approximate and represent averages for each customer class. Actual changes to individual customers' bills will vary. Ultimately the PUCN may set rates that are higher or lower than those requested by the company.

The company's application is available for review online at nvenergy.com/rates and pucn.nv.gov, as well as at any NV Energy office and the offices of the PUCN at:

1150 East William St., or 9075 W. Diablo Dr., Suite 250
Carson City, NV 89701 Las Vegas, NV 89148

Interested persons who are unable to attend these sessions may send comments in writing to the PUCN offices at the address above. As a result of these hearings, the PUCN may grant NV Energy's requested rate changes, or it may set rates that are higher or lower.

The chart below reflects the adjustment for the average monthly bill for each customer class. Actual changes to individual customers' bills will vary depending on the level of consumption.
