

Attention Southern Nevada Seniors

If you have previously attended the annual Senior Energy Assistance Expo, usually held each August, be on the lookout instead for smaller community events taking place between June and October across southern Nevada. This new format will allow us to reach even more customers who need assistance, while making it easier and more convenient for you to receive services closer to your home. Events will take place from Laughlin to North Las Vegas to Henderson and in between. Watch for more information.

Choose Your Due Date

We want to ensure paying your bill is as easy and stress free as possible – that's why we offer Select a Due Date. This service lets you choose the date your energy bill is due. Whether you need to work around a monthly check or larger bills, you have the ability to decide the day of the month you prefer to pay your NV Energy bill. Give us a call at (775) 834 4444 in northern Nevada or (702) 402 5555 in southern Nevada, tell us your desired due date, and we'll handle the rest.

Spring 2018

PowerShift: Money-Saving Tools

At NV Energy, we are committed to providing you reliable, affordable energy. That's why we offer money-saving tools through PowerShift. As a customer you can receive: a free smart thermostat; in-home and online energy assessments; rebates on products and services; and support for installing rooftop solar panels – which strengthens our commitment to providing even more clean energy to our customers. See all the ways you can save by visiting nvenergy.com/PowerShift.

Power of Good Giveaway

Earlier this Spring, we held our second-ever Power of Good Giveaway, where a total of \$30,000 was awarded by the NV Energy Foundation* to several nonprofits across the state of Nevada that provide support to active duty military or military veterans. More than 110 nonprofit organizations applied to be part of the giveaway, and more than 72,000 votes were cast by NV Energy customers over a one-week period to determine the recipients. Congratulations to:

Northern Nevada

Veterans Guest House \$10,000
 Assistance League Reno-Sparks . . . \$3,000
 TMCC Veterans Resource Center . . . \$2,000

Southern Nevada

UNLV Military & Veteran Services Center &
 The School of Medicine Veterans Dental Clinic \$10,000
 Branded One CrossFit \$3,000
 Combat Veterans Motorcycle Association
 of Nevada, Inc. \$2,000

*The NV Energy Foundation is not funded by ratepayers.

Always On

At NV Energy, the power of good is always on. We are committed to delivering low prices for another decade while providing the world class, reliable service you have come to know and expect. Learn more about our customer guarantee at nvenergy.com/alwayson.

Springtime Safety

If you're considering any projects to spruce up your home or other areas this spring, remember to always make safety your first priority. Following are good starting points when doing any type of job that requires digging or overhead work:

Call Before You Dig: The law requires you or your contractor to call 811 before digging in order to prevent damage to underground utility pipes and lines, and to prevent possible injury.

Call Before You Crane: Before doing any work that puts you at risk of coming into contact with overhead lines, the law requires you to call (702) 402-2929. Additionally, we offer tree trimming services for branches that could come into contact with high voltage lines. Visit nvenergy.com/tree to learn more.

And, don't forget to read up on safety information about electrical cords and power tools if you're planning yardwork or other clean up in preparation for warmer temperatures and outside activities. Visit nvenergy.com/safety for additional information and other great reminders.
