

## See Instant Savings

A few lighting upgrades around your home can add up to powerful savings. PowerShift by NV Energy now offers instant discounts on qualifying LED bulbs. When you replace incandescent bulbs with qualifying LEDs, you'll save big while making your home more efficient.

Southern Nevada customers: You can also take your savings poolside with instant savings on the price of a qualifying variable speed pool pump for your home. Plus, you could see additional savings on your energy bill by using more efficient equipment.

For all money- and energy-saving offers and participating retailers, visit [nvenergy.com/powershift](http://nvenergy.com/powershift).

## Bye, bill.

Are you ready to say goodbye to your monthly energy bill? Choose how much you pay and when with FlexPay. Our pay-as-you-go service comes without credit checks, deposits, reconnect fees and late fees, so you can better plan around your lifestyle, schedule and budget. Plus, pay off any past-due balance over time without risk of service disconnection. Learn more and sign up at [nvenergy.com/flexpay](http://nvenergy.com/flexpay).

## Millions in Rate Cuts Requested

NV Energy has requested a \$5 million rate cut for northern Nevada customers as part of its required General Rate Case. If approved by the Public Utilities Commission of Nevada, new rates would take effect January 1, 2020. This is the third time in six years that NV Energy has sought to keep rates flat or declining for its northern Nevada customers. A rate case will be filed for southern Nevada in June 2020, and approximately \$120 million in rate cuts are expected for customers in that region. Read more about the current rate case at [nvenergy.com/news](http://nvenergy.com/news).

## **PUBLIC SAFETY OUTAGE MANAGEMENT**

Safety is our top priority. To help protect our customers and the environment against wildfires and

extreme weather, we will proactively shut off power in the Lake Tahoe and Mt. Charleston areas when certain environmental conditions are met. This is called Public Safety Outage Management (PSOM) and will only be used as a last resort.

Customers who are directly impacted will receive advance notice, and we will work closely with emergency agencies to minimize the impact of these outages if and when they happen.

Visit [nvenergy.com/wildfiresafety](http://nvenergy.com/wildfiresafety) for more information, including what to expect and how to plan, as well as other, long-term ways we are working to reduce risk.

# Notice of General Consumer Sessions

Customers of Nevada Power d/b/a NV Energy are invited to a General Consumer Session conducted by the Public Utilities Commission of Nevada (PUCN). Customers are given an opportunity to appear and be heard on any topic concerning a public utility regulated by the PUCN. Public comments may be limited to three (3) minutes per person at the discretion of the Commission.

If within 15 minutes after the start of the Consumer Session no member of the public has appeared to participate or comment, the Consumer Session may be adjourned at the discretion of the Commission.

Representatives of the utilities and the PUCN will be available to answer questions. For details, call the PUCN in northern Nevada at (775) 684-6101, or in southern Nevada at (702) 486-7210.

The sessions will be held:
