PROPOSED RATE CHANGE

On March 1, 2022, the Companies made their annual NDPP regulatory asset filing with the PUCN. The filing seeks recovery of the 2021 NDPP regulatory asset account and the authority to reset NDPP rate.

The effect of granting this application will be to increase overall revenue of Nevada Power Company by \$21,497,916 or 0.95 percent over all rate classes and to increase overall revenue of Sierra Pacific Power Company by 10,656,677 or 1.18 percent over all rate classes.

Ultimately the PUCN may set rates that are higher or lower than those requested by the Companies.

The application is available for public viewing at the Commission’s website: <https://puc.nv.gov> or at the offices of the Commission as noted.

In this docket NV Energy is proposing to establish the following NDPP charge for all of NV Energy’s customers:

PRESENT AND PROPOSED NDPP RATES			
	Current - per kWh	Proposed - per kWh	Increase / <Decrease>
NDPP-NPC	\$0.00056	\$0.00148	\$0.00092
NDPP- SPPC	\$0.00060	\$0.00155	\$0.00095
