

DEFERRED ENERGY CONSUMER SESSION AND HEARING NOTICE

The Public Utilities Commission of Nevada (PUCN) has scheduled a Consumer Session and Evidentiary Hearings on Nevada Power Company d/b/a NV Energy's electric Deferred Energy Rate Case (26-02035). The filing seeks approval of fuel and purchased power expenses for the 12-month period ending December 31, 2025. The filing seeks to reset the Temporary Renewable Energy Development (TRED) Charge, reset all components of the Renewable Energy Program Rate (REPR), reset the Base Energy Efficiency Program Rates (the Base EEPs), reset the Base Energy Efficiency Implementation Rates (the Base EEIRs), reset the Energy Efficiency Program Amortization Rate (the EEPAR), reset the Energy Efficiency Implementation Amortization Rate (the EEIAR), and reset the Expanded Solar Program Costs Rate (ESPC).

The Consumer Session and Evidentiary Hearings are set as follows:

PROPOSED RATE CHANGE

On February 27, 2026, Nevada Power Company d/b/a NV Energy made its annual electric Deferred Energy Accounting Adjustment (DEAA) filing with the PUCN. The filing seeks approval of fuel and purchased power expenses for the 12-month period ending December 31, 2025. The filing also seeks to reset the TRED Charge, all components of the REPR, the Base EEPs, the Base EEIRs, the EEPAR, the EEIAR, and the ESPC.

The effect of granting this application will be to increase overall revenue by \$20,632,861 or 0.82 percent over all rate classes.

The following chart contains a list of customer classes and their associated proposed percentage and dollar amount changes. These rate changes are approximate and reflect the adjustments to the average monthly bill for each customer class. Actual changes to individual customers' bills will vary depending on the level of consumption. The rate changes depicted represent the company's calculation of the DEAA filing base and net of the Energy Efficiency request that will be determined prior to the consumer session or the hearings for this filing.

Ultimately the PUCN may set rates that are higher or lower than those requested by the company. The company's applications are available for review online at nvenergy.com/rates and puc.nv.gov.
