ADDITIONAL CHARGES

Late Charge: One (1) percent of any amount in arrears from the previous billing.

Local Government Fee: A tax of variable amount as imposed by any political subdivision such as business license fees, gross receipts tax or other similar tax. The Local Government Fee is calculated by the percent of the fee (Washoe County currently is five (5) percent) multiplied by the subtotal of your bill.

Returned Check Charge: \$10.00 for each check processed and returned by a bank.

Universal Energy Charge (UEC): \$0.00330 per all therms of natural gas usage. Monies go to the State of Nevada Fund for Energy Assistance and Conservation as set forth in NRS 702.010 to 702.280.

Non-Standard Metering Option (NSMO)

Customers may request to have the utility install a nonstandard meter (analog meter). Customers requesting this option will be charged a per meter, per month fee in addition to all rates and fees contained in the customer’s otherwise applicable rate schedule. Certain restrictions and conditions apply.

Sierra Pacific Power Company
d/b/a NV Energy Natural Gas
Rate Schedules

The Public Utilities Commission of Nevada has authorized an increase in Sierra Pacific Power Company d/b/a NV Energy Natural Gas rates effective October 1, 2026. The following rate schedule shows the actual changes in rates.

Effective **October 1, 2026**, natural gas conservation education costs will be shown as its own Energy Efficiency line item on customer bills. Previously, this cost was recovered through general rates. This change brings consistency to how costs for both electric and gas conservation education are shown on customer bills. This is not a new cost and reflects only a change in how existing charges are displayed.

NV Energy’s rates shown here are in addition to any Local Government Fee based upon revenue or quantity of energy sold. These taxes are imposed upon the utility by the local governments within our service territory.
