

SCHEDULE SSG

SHARED SAVINGS - GAS

APPLICABILITY

This schedule is applicable to customers who request the installation of energy savings equipment costing in excess of \$10,000.

AVAILABILITY

Available in Utility's gas service territory within the State of Nevada.

RATE

The monthly charge varies accordingly to the length of the agreement - five, seven, or ten years. The rates are as follows:

Five Year Agreement - \$2.1921 for every \$100 of installed cost

Seven Year Agreement - \$1.7311 for every \$100 of installed cost

Ten Year Agreement - \$1.3978 for every \$100 of installed cost

(I)
(I)
(I)

This charge recovers the Utility's installation and financing costs. This rate is subject to change on the effective date of any decision by the Nevada Public Service Commission (PSCN) in a Gas General Rate Case. The above monthly charge rates are based on the PSCN's Opinion and Order rendered for Docket No. 92-12021.

(T)
(T)
(T)

LATE CHARGE

One percent of any amount in arrears from previous bill.

SPECIAL CONDITIONS

1. This tariff applies to those customers who have the Utility install energy-saving equipment at a specific location.
2. Each tariff will remain in effect for the length of the agreement with the exception of a change in ownership or purchase of the equipment by the customer.
3. This tariff will be offered to those customer's which pass reasonable screening criteria used by the Utility to assess the customer's repayment ability.
4. The offering of this tariff is subject to capital limitations as determined by the Utility.
