

Schedule No. TI
INTERRUPTIBLE TRANSPORTATION OF CUSTOMER-OWNED NATURAL GAS

1. APPLICABLE

This rate schedule provides interruptible transportation of the Customer's natural gas by the Utility from any interconnection between the Utility and any interstate pipeline to the Customer's specified Delivery Point(s) on the Utility's system subject to:

- 1.1 Available capacity to render the requested service without construction of any additional facilities, except under Facility Additions below;
- 1.2 Transportation quantities shall average on an annual basis not less than 1,000 therms per day to each of Customer's premises for service under Schedules TF and TI;
- 1.3 The Customer and the Utility executing the Form of Service Agreement for Schedules TF, TI and TOP and paragraph 6 below.
- 1.4 May not be combined with any retail sales rate schedule.

(N)

2 TERRITORY

- 2.1 Service is available in the Utility's certificated natural gas service area.
- 2.2 Existing transportation Customers are required annually to elect sales or transportation service. The election must be submitted to the Utility no later than April 30 of each year for a period of no less than 12 months commencing the following July 1. New Customers or Customers adding new equipment or end uses may begin service as a transportation or sales Customer any time, subject to meeting the conditions set forth in this rate schedule, but subsequently will be subject to the conditions set forth in this section.

3 FACILITY ADDITIONS

- 3.1 Any facilities which must be installed by the Utility to serve the Customer will be constructed in accordance with the Utility's tariff.
- 3.2 Telemetering facilities are required prior to performing transportation service. Telemetering facilities will be installed by the Utility at Customer expense. The Customer will be responsible for the installation of phone lines and any other facilities that may be required for the safe installation and operation and monthly service charges of the telemetering facilities.
- 3.3 To the extent that:
 - 3.3.1 a Customer chooses to take service under this rate schedule and elects a firm level of service (MDRO) as required by Schedule TF, and
 - 3.3.2 the Utility agrees to provide that Customer with that firm level of service (MDRO), and
 - 3.3.3 the Customer decides to take service at the end of the contract period under a retail sales rate schedule, and

Schedule No. TI
INTERRUPTIBLE TRANSPORTATION OF CUSTOMER-OWNED NATURAL GAS
(Continued)

3 FACILITY ADDITIONS (Continued)

3.3.4 there is no longer capacity sufficient to serve that Customer with its maximum hourly demand.

The Customer shall be required to pay for all facilities required to serve that Customer in accordance with Rule 9, Gas Main Extensions.

4. RATES

Rates shall be as set forth in this rate schedule and stated in the Service Agreement. Such rates may change from time-to-time with a Commission order. Monthly billings shall be the sum of:

4.1. Basic Service Charge

The Basic Service Charge is equal to the Basic Service Charge in Schedule LCNG payable for the term of the service agreement. Rates can be found beginning on Sheet No. 2H. The Customer shall not be billed for more than one Basic Service Charge per meter per month.

4.2. Interruptible Transportation Charge

| | <u>Minimum</u> | <u>Maximum</u> |
|---|------------------|----------------|
| Per Therm per month of Scheduled Quantity | See 4.2.1. below | \$0.09701 |

(R)

4.2.1. The minimum Interruptible Transportation Charge is the lesser of a rate available to a Customer under another rate schedule or \$0.02879 per therm.

4.2.2. The Interruptible Transportation Charge may vary from Customer to Customer based upon the Customer's ability to change from one fuel to another, or the Customer's demonstrated ability to bypass the distribution system.

4.2.3. In the case of bypass, the Customer must establish to the Utility's satisfaction that bypass is economically, operationally, physically feasible and imminent.

4.2.4. All amounts delivered on a daily basis in excess of Firm Service as specified in the service agreement will be considered Interruptible gas as provided under this Schedule TI.

4.3. Imbalance Penalties

Monthly and daily imbalance penalties are stated in Schedule TOP, Transportation of Customer-Owned Natural Gas Operating Procedures and Imbalance Trading.

(Continued)

4. RATES (Continued)

4.4. Administrative Charge

The administrative charge is stated in Schedule TOP, Transportation of Customer-Owned Natural Gas Operating Procedures and Imbalance Trading. No Premise will be billed more than one Administrative Charge per month. (T)

4.5. Third Party Charges

Third Party Charges are stated in Schedule TOP, Transportation of Customer-Owned Natural Gas Operating Procedures and Imbalance Trading.

4.6. Gas Cost Adjustment

4.6.1. Customers who convert from a retail sales service which is subject to the Deferred Energy Adjustment Charge (DEAA) to transportation service must pay an amount or receive a credit equal to the currently effective DEAA rate multiplied by the quantity of retail sales gas delivered to the customer for the applicable recovery period ending with the end of the Customer's retail sales service.

4.6.2. Any Gas Cost Adjustment may be paid or refunded over one year or in a lump sum.

4.7. Late Charge

The Late Charge is as set forth in Schedule SC, Service Charges.

4.8. Tax Adjustment Charge

The Tax Adjustment Charge is as set forth in Schedule TAR.

4.9 Universal Energy Charge (UEC)

All Therms, Per Therm \$.00330

4.9.1 The UEC as mandated by AB 661, passed by the 2001 Legislature, will go to fund the Nevada fund for energy assistance and conservation. Under certain circumstances, Customers will be refunded amounts paid in excess of \$25,000 per calendar quarter. The Commission will administer the collection of the UEC, certify exemptions, and administer refunds. Exemptions are generally Therms sold to:

4.9.1.1 Any governmental agency, including the State of Nevada and any political subdivision thereof, and

4.9.1.2 Any Customer using such natural gas solely as a source of energy to generate electricity.

4.9.1.3 Except as provided above, all Therms sold are subject to the charge.

4.9.2 The UEC is not subject to the Tax Adjustment Charge.

SCHEDULE NO. TI

INTERRUPTIBLE TRANSPORTATION OF CUSTOMER-OWNED NATURAL GAS
(Continued)

5. CHARACTER OF SERVICE

5.1. The interruptible transportation service rendered under this rate schedule shall consist of:

5.1.1. The receipt by the Utility for the account of the Customer of the Customer's gas at the Receipt Point(s);

5.1.2. The transportation of gas through the Utility's system for the account of the Customer; and

5.1.3. The delivery of gas after transportation by the Utility for the account of the Customer at the Delivery Point(s).

5.2. The customer's scheduled transportation delivery quantity shall be reduced by a fixed percentage as compensation for Utility Use and Lost and Unaccounted for Gas prior to transportation by the Utility. This fixed percentage shall be determined as set forth in Section 2.7 of Schedule No. TOP. The difference between the total system deliveries and the total system receipts divided by the total system receipts will determine the fixed percentage. (T)

5.3. Service under this rate schedule shall not constitute the dedication of the Utility's distribution system or any portion thereof to the Customer.

5.4. The Utility is obligated to provide service under this rate schedule on an interruptible best-efforts basis after the Utility has satisfied all sales and firm transportation service obligations. (D, T)

5.5. Interruptible transportation service may be subject to curtailment due to emergency conditions pursuant to Nevada Administrative Code, sections 704.471 through 704.511, *Curtailment of the Distribution of Natural Gas* and Rule 8, Continuity of Service.

5.6. In the event of curtailment or interruption the Utility shall provide service as follows:

5.6.1. The Utility shall provide the customer with as much notice as is practical of any curtailment or interruption of service.

SCHEDULE NO. TI
INTERRUPTIBLE TRANSPORTATION OF CUSTOMER-OWNED NATURAL GAS
(Continued)

5. CHARACTER OF SERVICE (Continued)

5.6.2. The Utility shall not be required to interrupt or curtail transportation to any customer where the Utility's ability to maintain service to other customers would not be improved by an interruption or curtailment.

5.6.3. Customers will be interrupted on a pro rata basis within any priority.

5.6.4. The Utility may, to the extent feasible, continue to receive the Customer's gas at the Receipt Point(s) on a scheduled basis during the period of curtailment or interruption, and shall, to the extent feasible, redeliver such gas at the Delivery Point(s). For the period of curtailment or interruption, the Utility shall waive any Monthly Imbalance Penalty to the extent that such payments are caused by the curtailment or interruption.

5.7 The Utility is not obligated to provide any gas sales service to replace gas to be transported under this schedule during the term of the Service Agreement. The Utility will employ its best efforts to accommodate a Customer's request to purchase gas to replace the gas to be transported before the end of the Service Agreement subject to:

5.7.1 The availability of adequate upstream system capacity and gas supplies, and

5.7.2 the Customer reimbursing the Utility for all costs associated with securing additional gas supplies.

6. SERVICE AGREEMENT

6.1 A Transportation Service Agreement is required for service under this schedule.

6.2 The minimum term of service shall be one (1) year, and shall end on June 30.

6.3 The Service Agreement shall state :

6.3.1 The Customer's Receipt Points and

6.3.2 The Maximum Daily Receipt Obligation for Interruptible Transportation (MDQI) for each Receipt Point, and

6.4 The service agreement is required for each Premises.

INTERRUPTIBLE TRANSPORTATION OF CUSTOMER-OWNED NATURAL GAS
(Continued)

8. ACCOUNTING

8.1 The Basic Service Charge, the Interruptible Transportation Charge, the Administrative Charge and the late Charge shall be contributions to the general revenue.

8.2 All Imbalance Penalties shall be credited to FERC Account No. 191, Unrecovered Purchased Gas Costs. (T)

8.3 The Third Party Charges shall be one-for-one reimbursements for any such charges incurred on behalf of the Customer.

9. GENERAL TERMS AND CONDITIONS

Except where specifically provided under this rate schedule, service under this schedule is subject to all other provisions of the Utility's tariff. (N)
