

GET CASH BACK

NV Energy business customers
can receive an extra
20% CASH INCENTIVE BONUS
for energy efficiency projects.*

- **NORTH:** Applied to the first **20M kWh** saved.
- **SOUTH:** Applied to the first **50M kWh** saved.
- Submit the [retrofit project application](#) and all final documents.
- Bonus is paid on top of standard incentives for qualifying energy-saving retrofit projects.

Unlock Savings with PowerShift

*Bonus applies to retrofit projects submitted for NV Energy business customers beginning in 2023. Bonus is first come, first served, applied to the first 20 million kWh in the North and applied to the first 50 million kWh in the South. Small business, non-profit agency grants, instant discount and new construction projects do not qualify. All applications are subject to standard project incentive cap and tier rules, which will be applied before the bonus.
