Additional Equipment Opportunities

Advanced Power Strip: By plugging in one item in the master port, all others will turn on or off depending on the activity of the master. Using an advanced power strip will reduce the amount of electricity wasted and save you money on your electric bill.

Light Emitting Diode (LED) Bulbs: You may receive up to 8 LED light bulbs to replace any light bulbs you may currently have. LED bulbs use less energy than an incandescent bulb and typically last years longer, saving you money on replacement bulbs.

My signature certifies that I am aware that the tenant at the address listed above has my permission to replace appliances in the home that they are leasing.

- PowerShift by NV Energy (“NVE”) is conducting Qualified Appliance Replacement (“Offer”). This Offer is at no cost to me. The Installer may install a free refrigerator, freezer, washer, and dryer. I may also receive LED light bulbs, advanced power strip, but in no event will the Installer repair any appliances or fixtures. I authorize the Installer to enter my property and perform services to be rendered under the Offer and there is no guarantee that the installation of these devices will achieve energy savings.
- In order to receive the new appliance(s) the Installer must remove and dispose of the old appliance(s). I am aware that in no circumstance will the old appliance(s) be left on the premises.
- I am fully aware that the Installer is not an employee of NV Energy and is a third party contractor who has entered into a contract with NV Energy to provide certain services for the benefit of their customers. I elect to voluntarily participate in the Offer and assume all risk of loss, damage, or injury that sustained by property or by me in the performance of services by the Installer.
- To the maximum extent allowed by law, I acknowledge and agree that NV Energy (including their employees and contractors) shall not be liable for any loss, damage or injury that may be sustained by me or my property arising from or in connection with any act or omission of the Installer or the Installer’s agents or subcontractors in performing the Offer. I hereby waive any and all claims against NVE that may arise in connection with the Offer.
- I agree to maintain the energy saving appliance and products in my home for 5 years.
- As a condition of receiving the new appliances, I agree not to increase rent for the premise receiving the new appliances for 2 years after receiving the appliances. Except that, if the property manager/owner is a non-profit organization setting rent pursuant to a government mandate or rule, rent can be increased to comply with such a mandate or rule.
- By signing below, I certify that I have read, understand, and agree to the above terms and conditions.
